

## **Lismore Emergency Response Group – COVID 19**

As we all settle down into this new reality of self - isolation and very limited movement around the island and beyond, we are aware that many people live alone on the island and may have limited opportunities for contact with others.

Lismore Community Council has convened an emergency response group who are organising support to keep the essential things in life going on the island.

One of these services is a regular phone catch-up with anyone who is living on their own (as an individual or a couple) to make sure that you are OK, that you have all that you need and feel supported.

If you feel that you would benefit from this support then please get in touch with Roger (**760282**) and Eva (**760128**) who are organising this.
