9. AOB

LISMORE COMMUNITY TRUST

Purpose: to maximise the potential social, economic and environmental well-being of the whole community of the Isle of Lismore

Why not make them self-employed that way no holiday pay or pension needed. Can invoice after 5th All our relief crew are self-employed

If they are self employed they need to invoice us

We have a list of relief crew, maybe about 5 skippers, and 3 crew. When we get a new person and we are always looking and adding to the list, they come in and do half a day, maybe a full day for training, then they go on the list. When we need cover, we start phoning from the top of the list until we get all dates covered. When they do their day, I will fill in an invoice and give them a copy, then send a copy to the council for payment . It's all above board self-employed invoices for records . Very ad hoc with us as well .No interviews either, and the good thing if they are really bad when they come in for training, then they just don't get a phone call. They do all need proper qualifications . We could maybe do something like this, so when we find folk to work in the shop, then they just get added to a list after training .
