

Lismore Community Stores Post Office Report

Preliminary training has been undertaken by all bank staff, and some volunteer staff. Roxanne has undergone her classroom training in Glasgow as a mandated part of the transfer of contract. The handover date has been set as 30th September where Brona, together with a representative of Laura Cook will confirm the post office funds. Following that, from Monday 30th to Saturday 5th, the Post office trainer will provide on-site training with all staff that present themselves for such.

At present, until the handover we continue to receive a proportion of the post office income from Laura Cook. Following handover we will receive 100% of the income. The anticipated income is per the fee's booklet provided by the post office (with Jane McCluskey).
